# Start with Medicare basics

## Know how Medicare works, then choose what works for you

Original Medicare is provided by the federal government. It offers coverage for:

**Hospital stays and inpatient care.**  
This is called Part A

**Doctor visits.** This is called Part B –  
you pay a monthly premium for it.

### Original Medicare does NOT include prescription drug coverage

**Prescription drug coverage.** This is called Part D and is not included with Original Medicare. You are not required to enroll in a Part D plan when you first become eligible for Medicare. If you enroll in a Part D plan in the future, then you will pay a penalty equal to about 1% of the average monthly premium for each month you delayed enrollment. This must be paid monthly as long as you are enrolled in Part D.

## Depending on your needs, you may want to add more coverage to Original Medicare

Additional coverage is offered by private insurance companies, such as UnitedHealthcare. You have a couple of different options to choose from:

### Option 1: Enroll in a Medicare Advantage plan

**Also called Part C**  
They combine Part A and Part B. Most Medicare Advantage plans also include Part D, so your hospital, medical and prescription drug insurance is all in one plan

**Extras**  
Some plans may include extra benefits not included with Original Medicare

### Option 2: Add one or both of these to Original Medicare

**Medicare Supplement**  
Helps pay for some of the costs not covered by Original Medicare

**Medicare Part D plan**  
Helps pay for prescription drugs and helps you avoid that 1% penalty

Use this book to get familiar with and enroll in a Part D plan. Speak with your agent if you are interested in a Medicare Supplement or Medicare Advantage plan.

# Enroll in a Medicare Part D Prescription Drug plan (PDP)

## Here's how this Medicare Part D plan works

### What does it cover?

Original Medicare (Parts A and B) does not include prescription drug coverage. Medicare Part D plans cover certain prescription drugs. When comparing Medicare Part D coverage, check each plan's formulary (drug list) to make sure your drugs are included.

- The federal government sets guidelines for the types of drugs Medicare Part D plans must cover
- Each Medicare Part D plan decides which specific drugs it will cover and what members will pay
- Medicare Part D plans are available to those eligible for Medicare
- If you choose to enroll in a Part D plan, you can only do so through a private insurance company like UnitedHealthcare or other companies contracted with Medicare

### When to enroll in a Medicare Part D plan.

Your Initial Enrollment Period (IEP) is 7 months long. It includes your birthday month, plus the 3 months before and the 3 months after your birthday month. Your IEP begins and ends one month earlier if your birthday is on the first of the month.

If you have creditable drug coverage through your employer or other insurance, you don't need to enroll in a Part D plan right away. Creditable drug coverage is coverage at least as good as you could get through Medicare Part D. You have a two-month Special Election Period to enroll in a Medicare Part D plan after losing other coverage. You could be charged a penalty if you go without creditable drug coverage over 63 days. The annual open enrollment period is from Oct. 15 to Dec. 7 when you can join a drug plan for the first time if you missed your deadlines for your IEP or a SEP, or switch from original Medicare to a Medicare Advantage plan, from one Medicare Advantage plan to another, or from one Part D drug plan to another.

### There's a Medicare Part D Late Enrollment Penalty

Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D.

# Are you eligible to enroll in this plan?

**You are eligible for a Medicare Part D plan if:**

- ✓ You are enrolled in Original Medicare Parts A or B (or both)      AND      ✓ Live in the plan's service area

## Considerations for selecting the Part D plan that's right for you

### **Does the plan cover my prescription drugs?**

Enter your drugs into our online Drug Cost Estimator tool, [EstimateDrugCostsAARP.com](http://EstimateDrugCostsAARP.com) to determine the total annual drug cost for each plan.

### **Which plan will be most cost effective?**

When comparing plans be sure to consider all costs, including monthly premium, copays, deductibles and the tier your drugs fall into.

### **Are you willing to fill at a pharmacy in the plan's Preferred Pharmacy Network?**

Using a preferred network pharmacy helps ensure that you get the lowest drug cost.

# Medicare Part D and Medicare Supplement Insurance

Together, they offer more complete coverage than Medicare alone.

Original Medicare (Parts A and B) does not cover the cost of most prescription drugs or all of your medical expenses. Get more complete coverage by adding an **AARP® MedicareRx Part D Plan** and an **AARP® Medicare Supplement Insurance Plan**, both insured by UnitedHealthcare Insurance Company (UnitedHealthcare).

## Here's how Part D works.

Part D prescription drug coverage is provided by UnitedHealthcare Insurance Company (UnitedHealthcare) and other Medicare-approved private insurance companies. If you have Original Medicare and would like to add prescription drug coverage, you can enroll in a stand-alone Part D plan.

## When do I sign up for Part D?

You can sign up for a Part D plan during your Initial Enrollment Period after you have enrolled in Original Medicare. If you enroll in Part D after your Initial Enrollment Period ends, you may have to pay a late-enrollment penalty.

## Are all Part D plans the same?

No. Private insurance companies each offer their own Part D plans, which cover different drugs and come with different costs. UnitedHealthcare offers a variety of AARP MedicareRx Part D plans, with benefits and features like **low monthly premiums, \$0 co-pays and \$0 deductibles.**

Insured through UnitedHealthcare Insurance Company

---

## Here's how Part D works with Medicare supplement insurance.

Medicare supplement insurance plans help pay for some of the out-of-pocket costs not paid by Original Medicare. A Medicare Part D plan helps you pay for your prescription drugs. Together, Medicare supplement insurance and Part D provide you with more complete coverage than Original Medicare alone.

### How do I know which coverage is the right choice for me?

UnitedHealthcare Insurance Company (UnitedHealthcare) can help you compare plans and get clear answers to your questions about both Part D and Medicare supplement insurance plans. And when you've found the plan that best meets your needs, we can help you apply right over the phone.

# Your drug coverage

## Make sure your drugs are covered

Review the Drug List (Formulary) in this Enrollment Guide to make sure your prescription drugs are covered by the plan. You should also review the Benefit Highlights in this guide for copays and supply amounts.

### The amount you pay for covered drugs depends on these 4 things:

#### 1. Drug tiers

Many plans group covered drugs into tiers. Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

It's important to know not all generic drugs are lower cost. There are generic drugs in each tier. Be sure to check the Drug List to find out which tier your generic drug is in.

If your drug is in a higher, more expensive tier, ask your doctor if a lower cost alternative could work for you.

#### 2. Where you fill your prescriptions

There are thousands of national and local pharmacies in our network.

*Walgreens* **DUANE**reade™

You'll pay your plan's lowest retail pharmacy out-of-pocket drug costs when using Walgreens or Duane Reade. In fact, you have a \$0 copay for Tier 1. You could save \$15 on Tier 1 and \$10 on Tier 2 prescriptions by using Walgreens or Duane Reade versus a standard network pharmacy. Visit [www.myAARPMedicare.com](http://www.myAARPMedicare.com) to find a location near you.

#### Simplify with prescriptions delivered to your door

You have a \$0 copay for a 90-day supply of Tier 1 drugs at OptumRx, our preferred home delivery pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Save time by registering online at [www.OptumRx.com](http://www.OptumRx.com) to order new prescriptions, request refills and more.

### 3. Prescription drug payment stages

The amount you pay for prescription drugs may change during the year depending on which drug payment stage you're in. Members move through the stages in the order below.

<b>Annual Deductible</b>	Your plan has no deductible for drugs in lower tiers. Your coverage for drugs in these tiers begins in the Initial Coverage stage.  For drugs in tiers with an annual deductible, you'll pay the full cost of your drugs until you meet the annual deductible amount. After you meet the deductible, your coverage moves to the Initial Coverage stage.
<b>Initial Coverage</b>	In this stage, you will pay a copay or coinsurance for your drugs until the total drug cost (the amount paid by you and your plan) reaches \$4,430.
<b>Coverage Gap (Donut Hole)</b>	After your total drug costs reach \$4,430, you will pay no more than 25% coinsurance for generic or brand name drugs, for any drug tier during the Coverage Gap.
<b>Catastrophic Coverage</b>	After your total out-of-pocket costs reach \$7,050, you will pay the greater of \$3.95 copay for generic (including brand drugs treated as generic), \$9.85 copay for all other drugs or 5% coinsurance.

### 4. Extra Help from Medicare

People with limited incomes may qualify for Extra Help to pay for their prescription drugs. If you qualify, Medicare could pay for some, or all of, your drug costs including premiums, deductibles and copays. Additionally, if you qualify, you won't have a Coverage Gap or a late enrollment penalty. Many people qualify for these savings and don't even know it.

For more information about Extra Help, contact your local Social Security office or call Social Security at **1-800-772-1213**. TTY users should call **1-800-325-0778**. You can also apply for Extra Help online at [www.socialsecurity.gov/prescriptionhelp](http://www.socialsecurity.gov/prescriptionhelp).

#### **Additional drug coverage is available with this plan**

**Bonus Drug Coverage:** This plan covers some prescription drugs that are not covered by Medicare Part D. This includes Vitamin D (50,000), Sildenafil (generic Viagra), Cyanocobalamin (Vitamin B-12) and Folic Acid (1 mg). These drugs are covered in Tier 2 and are in addition to the ones listed in the plan's Drug List and may not be available with other plans.

Other pharmacies are available in our network.

\$0 copay may be restricted to particular tiers, preferred medications, or home delivery prescriptions during the initial coverage phase and may not apply during the coverage gap or catastrophic coverage stage. OptumRx is an affiliate of UnitedHealthcare Insurance Company. You are not required to use OptumRx home delivery for a 90-day supply of your maintenance medication.

Member may use any pharmacy in the network but may not receive preferred retail pharmacy pricing. Pharmacies in the Preferred Retail Pharmacy Network may not be available in all areas.

UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. # 2021 Medicare star ratings

## UnitedHealthcare - S5921

Every year, Medicare evaluates plans based on a 5-star rating system. Medicare Star Ratings help you know how good a job our plan is doing. You can use these Star Ratings to compare our plan's performance to other plans. The two main types of Star Ratings are:

1. An Overall Star Rating that combines all of our plan's scores.
2. Summary Star Rating that focus on our medical or our prescription drug services.

Some of the areas Medicare reviews for these ratings include:

- How our members rate our plan's services and care;
- How well our doctors detect illnesses and keep members healthy;
- How well our plan helps our members use recommended and safe prescription medications.

For 2021, UnitedHealthcare received the following Overall Star Rating from Medicare.

★ ★ ★ ↴ 3.5 stars

We received the following Summary Star Rating for UnitedHealthcare's health/drug plan services:

Health Plan Services: Not offered

Drug Plan Services: ★ ★ ★ ↴ 3.5 stars

### The number of stars shows how well our plan performs.

- ★ ★ ★ ★ ★ 5 stars – Excellent
- ★ ★ ★ ★ 4 stars – Above Average
- ★ ★ ★ 3 stars – Average
- ★ ★ 2 stars – Below Average
- ★ 1 star – Poor

# Drug list

# Drug list

This is a partial alphabetical list of prescription drugs covered by the AARP® MedicareRx Walgreens (PDP) plan as of August 1, 2021. This list can change throughout the year. Call us at UnitedHealthcare or go online for the most complete, up-to-date information. Our phone number and website are listed on the back cover of this book.

- Brand name** drugs are in **bold** type. Generic drugs are in plain type
- Your plan may have an annual prescription deductible
- Covered drugs are placed in tiers. Each tier has a different cost
  - Tier 1: Preferred generic
  - Tier 2: Generic
  - Tier 3: Preferred brand
  - Tier 4: Non-preferred drug
  - Tier 5: Specialty tier
- See the Summary of Benefits in this book to find out what you'll pay for these drugs
- Some drugs have coverage requirements, such as Prior Authorization or Step Therapy

---

**PA**  
**Prior authorization**

The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.

---

**QL**  
**Quantity limits**

The plan only covers a certain amount of this drug for 1 copay. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.

---

**ST**  
**Step therapy**

You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.

---

**B/D**  
**Medicare Part B**  
**or Part D**

Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.

---

**LA**  
**Limited access**

The FDA only lets certain facilities or doctors give out this drug. It may require extra handling, doctor coordination or patient education.

**MME  
Morphine  
milligram  
equivalent**

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

**7D  
7-day limit**

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by having the pharmacy contact the plan.

**DL  
Dispensing limit**

Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

# Additional covered drugs

Your plan has additional coverage for the prescription drugs listed below. These drugs are not normally covered in a Medicare Advantage plan with prescription drug coverage. The amount you pay when you fill prescriptions for these drugs does not count toward your total drug costs. This means, the amount you pay doesn't help you qualify for catastrophic coverage. Also, if you're receiving Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs.

Drug Name	Drug Tier	Restrictions
<b>Vitamins</b>		
Folic Acid (1mg tablet)	2	
Cyanocobalamin (1000mcg/ml vial)	2	
Ergocalciferol (50000mcg capsule)	2	
<b>Erectile Dysfunction</b>		
Sildenafil (25mg tablet)	2	Maximum of 4 tablets per 30 days
Sildenafil (50mg tablet)	2	Maximum of 4 tablets per 30 days
Sildenafil (100mg tablet)	2	Maximum of 4 tablets per 30 days

# Alternative covered drugs

Your plan's Drug list includes many different types of drugs, but it doesn't include all drugs. Drugs not covered by your plan typically have alternative drugs that can be used instead. This is a **partial** list of alternative drugs that you can use in place of some drugs that are not covered by your plan.

Talk with your provider or pharmacist to see if the alternative drugs listed here are appropriate for you.

# Plan recap

We want to make sure you know what to expect with the new plan you've chosen.

✓ Please fill out this plan recap with your Sales Representative (if applicable).

## Plan Information

**Here are some details about your new plan.**

My new plan is a Medicare Part D Plan.

The name of my new plan is: \_\_\_\_\_

Proposed effective date:     -     -

I must have Medicare Part A and/or Part B to enroll in this plan.

I can cancel my enrollment in this plan before my coverage starts. Once my coverage starts, I may have to wait until I have a valid election period to make a plan change.

My plan (circle one): **does / does not** have a prescription drug deductible.

If I have a deductible, the amount is \$ \_\_\_\_\_ and it applies to drugs in (check the answer(s)):

Tier 1    Tier 2    Tier 3    Tier 4    Tier 5 or    ALL tiers

I must live in the plan's service area, which is \_\_\_\_\_. If I move out of the plan's service area for more than 6 months in a row, I will need to choose a new plan.

I cannot have a stand-alone Medicare Part D plan and a Medicare Advantage plan at the same time. (There is one exception: Medicare Advantage Private Fee-for-Service plans that do not include prescription drug coverage.)

## Premium Information

**What you need to know about paying your monthly plan premium.**

My plan has a \$ \_\_\_\_\_ monthly premium that I must pay to stay in this plan. If I qualify for Extra Help, my premium may be less.\* In addition, I must remain enrolled in Medicare Part A and/or Part B and if I have Part B, I must continue to pay my Medicare Part B premium, unless the state or another third party pays it for me. If I owe a Late Enrollment Penalty (LEP), it is not included in my premium. I will need to add it to my premium each month.

\* Extra Help is a program for people with limited incomes who need help paying Part D premiums, deductibles and copays. To see if you qualify for Extra Help, call:

- The Social Security Administration at 1-800-772-1213, TTY 1-800-325-0778
- Your state Medicaid office

**Contact your Sales Representative.** If I have questions about my plan, I will call my Sales Representative, \_\_\_\_\_ at \_\_\_\_\_

\_\_\_\_\_ or Customer Service at \_\_\_\_\_.

## Prescription Drug Coverage

**Know how prescription drugs are covered on your plan.**

List the medications you use in this table. Be sure to note their tier level, whether there are any limits on the drug, and if the prescription drug deductible applies.

Medication	Tier Level <sup>1</sup>	Has Limits <sup>2</sup> (Yes/No)	Deductible (Yes/No)
------------	-------------------------	----------------------------------	---------------------

My current pharmacy is \_\_\_\_\_. I understand that preferred network pharmacies tend to offer lower prescription drug costs.

I (circle one) **do / do not** have drugs that are not on the covered drug list (formulary).

My drugs that are not on the formulary are \_\_\_\_\_ and \_\_\_\_\_. I can discuss alternatives by calling customer service or checking with my doctor or pharmacist.

I understand how my prescription drug plan works, including:

- The plan start date
- The monthly premium
- The cost difference between preferred network, standard network and out-of-network pharmacies
- Home delivery options
- Tier levels
- Prior authorizations
- Quantity limits
- Step therapy
- Drug coverage stages and how they impact my costs
- Late Enrollment Penalty

<sup>1</sup> My actual out of pocket costs may vary based on: the drug stage I am in, my drug tier level, the pharmacy I use (retail/mail-order), if I have Extra Help. <sup>2</sup> For medications that have limitations, I may need to contact the plan before I can fill my prescription. I can discuss alternatives by calling customer service to learn what other drugs might be on the drug list and by talking with my doctor or pharmacist.

I have **opted / not opted** to access some plan documents electronically. I can update or change this anytime. I have **provided / not provided** my email address as another way for the plan to contact me with important information. I can update or change this anytime.

# Scope of appointment confirmation form

Before meeting with a Medicare beneficiary (or their authorized representative), Medicare requires that Licensed Sales Representatives use this form to ensure your appointment focuses only on the type of plan and products you are interested in. A separate form should be used for each Medicare beneficiary. **Please check what you want to discuss with the Licensed Sales Representative (See the back of this page for definitions.):**

- Medicare Advantage Plans (Part C) and Cost Plans
- Stand-alone Medicare Prescription Drug (Part D) Plan
- Medicare Supplement (Medigap) Products
- Dental-Vision-Hearing Products
- Hospital Indemnity Products

By signing this form, you agree to meet with a Licensed Sales Representative to discuss the products checked above. The Licensed Sales Representative is either employed or contracted by a Medicare plan and may be paid based on your enrollment in a plan. They do NOT work directly for the federal government.

Signing this form does NOT affect your current or future enrollment in a Medicare plan, enroll you in a Medicare plan or obligate you to enroll in a Medicare plan. All information provided on this form is confidential.

## Medicare Advantage Plans (Part C) and Cost Plans

**Medicare Health Maintenance Organization (HMO) Plan** — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

**Medicare HMO Point-of-Service (HMO-POS) Plan** — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

**Medicare Preferred Provider Organization (PPO) Plan** — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

**Medicare Private Fee-For-Service (PFFS) Plan** — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

**Medicare Special Needs Plan (SNP)** — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

**Medicare Medical Savings Account (MSA) Plan** — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

**Medicare Cost Plan** — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

## Stand-alone Medicare Prescription Drug (Part D) Plan

**Medicare Prescription Drug Plan (PDP)** — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

## Other related products

**Medicare Supplement (Medigap) Products** — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

**Dental/Vision/Hearing Products** — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

**Hospital Indemnity Products** — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

**By completing this form, I agree to the following:**

- I must keep Part A or Part B (or both) to stay in UnitedHealthcare. I must keep paying my Part B premium if I have one, unless Medicaid or someone else pays for it.
- I understand that I am joining the plan for the entire calendar year. If I want to change plans, I'll need to do so between October 15 and December 7. This is the Annual Enrollment Period for Medicare Advantage **and** Medicare prescription drug coverage. I understand that there may be special situations at other times during the year in which I can leave the plan.
- I understand that people with Medicare are generally not covered under Medicare while out of the country, except for limited coverage near the U.S. border. This plan covers emergency and urgent care outside of the U.S. See the Summary of Benefits for more information.
- I understand that when my UnitedHealthcare coverage begins, I must get all of my prescription drug benefits from UnitedHealthcare. Benefits and services authorized by UnitedHealthcare and contained in my UnitedHealthcare "Evidence of Coverage" document (also known as a member contract or subscriber agreement) will be covered. **Without authorization, neither Medicare nor UnitedHealthcare will pay for benefits or services.**
- Release of Information:** By joining this Medicare Advantage Plan or Medicare Prescription Drug Plan, I acknowledge that the plan will release my information to Medicare and other plans as is necessary for treatment, payment, and health care operations. I also acknowledge that UnitedHealthcare will release my information, including my prescription drug event data, to Medicare, who may release it for research and other purposes applicable to Federal statutes that authorize the collection of this information (see Privacy Act Statement below).
- I give UnitedHealthcare permission to share my protected health information with organizations or person(s) for permissible purposes under applicable law as required to administer my health plan.
- I give consent for all entities under UnitedHealthcare and any outside vendor used by UnitedHealthcare to call the phone number(s) I have provided.
- The information on this form is correct to the best of my knowledge. I understand that if I intentionally provide false information on this form I will be disenrolled from the plan.
- My response to this form is voluntary. However, failure to respond may affect enrollment in the plan.

## Enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service Representative at the number listed on the back cover of this book.

### Understanding the Benefits

- ✓ Review the Pharmacy Directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

### Understanding Important Rules

- ✓ Benefits, premiums and/or copays/coinsurance may change on January 1 of each year.

## Manage your plan online

Once you receive your UnitedHealthcare member ID card, you can use it to create your online account at [www.myaarpmedicare.com](http://www.myaarpmedicare.com) to:

- Find pharmacies in your area
- Review your Drug List
- View plan documents
- Explore health and wellness activities and resources from Renew

## Once your coverage begins

- Review your drugs with your provider and ask about generic drugs and lower-cost options that may be available to you
- Save more on each prescription when you fill them at a Walgreens or Duane Reade retail pharmacy<sup>1</sup>
- Get a 3-month supply of your prescriptions using a home delivery pharmacy service

## Thank you for choosing UnitedHealthcare

If you have any questions, you can call the UnitedHealthcare Customer Service number on your member ID card.

<sup>1</sup>Saving applies to Tier 1 and Tier 2 drugs when filled at a Walgreens preferred retail pharmacy compared to a standard network pharmacy.
