

EMPLOYEE OWNED LIFE INSURANCE PROGRAM

As an employee of Sample Client you now have the ability to purchase individual life insurance through the convenience of payroll deduction. This coverage is made available to you due to your employment as an expansion of your benefits package. Your spouse, children and grandchildren also may be eligible for this coverage.

Included in your kit you will find a piece on why owning life insurance is such an important piece to your overall financial security. You will also find brochures on the three types of coverage and the rates associated with them. These are included in order to ensure you have what you need to make the best choice for your own individual situation.

The Cincinnati Life Voluntary Payroll Deduction Insurance Program offers flexibility to help meet your needs and fit your budget. You own your policy; therefore, you may continue your coverage at the same premium, even if you leave Sample Client or retire.

We at ABC Insurance appreciate the opportunity to bring this opportunity to your organization. Our enrollers will be available to answer any of your questions in a future one on one session. This one on one time is your opportunity to get answers to any of your life insurance questions. Whether the coverage is a fit for you or not, this opportunity is a great way to ensure you are getting the most out of your benefits package and protecting those that are most important to you.
